LAND MANAGEMENT AGENCY

Building and Safety Department

T. H. Ingram
Director

September 9, 1997

Mr. Michael Lopez
Studor Inventive Technology Inc.
7154 Berryhill Avenue
Duarte, CA 91010

Dear Mr. Lopez:

I have reviewed your request for approval of the use of both the Studor Maxi-Vent, and the Studor MiniVent air admittance values within this jurisdiction. Under the provisions of Section 105 - Alternate Materials, Methods of Design and Methods of Construction, Uniform Administrative Code, 1994 Edition, I will approve the use of these devices within unincorporated Riverside County in accordance with the manufacturer's specifications. Any changes in the codes, the produce or the manufacturer's instructions may affect the continued use of the products referenced and we are prepared to work with you on the resolution to any of these possibilities.

Sincerely,

Thomas H. Ingram
Director of Building and Safety
