

## Water Heater Kits

### SPECIFICATIONS:

Furnish and install point-of-use leak detection with audible and visual alarm, plus automatic water shut-off system designed for residential and commercial buildings. Maintenance-free, auto-cycling motorized ball valve(s) automatically shut off the water supply whenever appliance or hoses leak.

- Heavy duty full port solid brass ball valve(s). Rated up to 140 PSI working pressure
- AB1953 & NSF 61 lead free compliant / ICC-ES Listed (PMG-1511)
- Complies with: IPC, IRC, UPC and the National Plumbing Code of Canada (NPC) code bodies
- Signal Outputs: 1 Normally Open, 24VDC / 2Amp
- Additional sensors may be added in series

### Kit includes:

- Full Port Motorized Ball Valve(s): CNC machined. Motor operates at 6VDC.
- 1.25 X 7.5 inch, double sided water sensor
- Control Unit mounted with screws or Velcro (included).
- UL listed class 2 wall adaptor, 115AC/9VDC
- Optional Power Sources:  
AC power plus (4) AA Batteries or batteries alone; batteries not included

PRODUCT	MODEL	DESCRIPTION	UNITS/CASE
20000	FS12NPT	Water Heater Kit 1/2" NPT MIP x FIP	12
20001	FS34NPT	Water Heater Kit 3/4" NPT MIP x FIP	12
20002	FS34C	Water Heater Kit 3/4" Compression	12
20003	FS1NPT	Water Heater Kit 1" NPT MIP x FIP	12
20004	FS125NPT	Water Heater Kit 1 1/4" NPT MIP x FIP	12
20005	FS150NPT	Water Heater Kit 1-1/2" NPT MIP x FIP	12
20007	FS34P	Water Heater 3/4" Push-to-Connect	12
<b>Replacement Valves Only</b>			
20081	FSAV12NPT	Valve Only 1/2" NPT	1
20084	FSAV34NPT	Valve Only 3/4" NPT, Water Heater	1
20086	FSAV1NPT	Valve Only 1" NPT	1
20087	FSAV125NPT	Valve Only 1-1/4" NPT	1
20088	FSAV150NPT	Valve Only 1-1/2" NPT	1
20089	FSAV34C	Valve Only 3/4" Compression	1
