

STOP FLOOD DAMAGE BEFORE IT EVER STARTS™

Sump Pump System Solutions

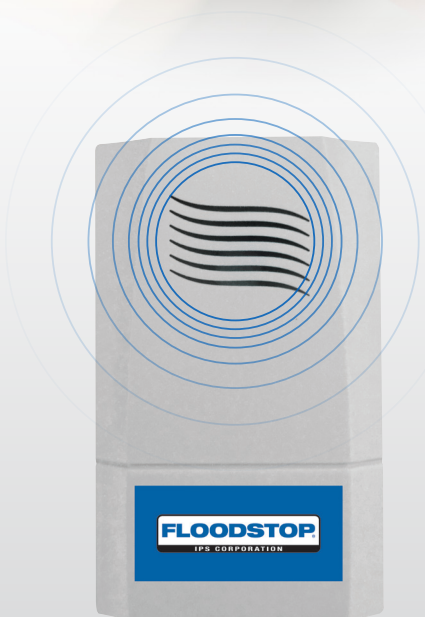

WiFi

FloodStop® Pump Monitor

Turn any pump into a Smart Pump with the FloodStop® Pump Monitor.

- Monitor your pump anywhere with an internet connection.
- Receive alerts when there are issues with the connected pump.
- Provides peace of mind when away from home.
- Works with any sump pump.
- Pairs with the free and easy-to-use FloodStop app.

FloodStop® High Water Alarm

Provides an immediate warning when water is detected.

- Reliable sensor ensures you will be notified of any detected water.
- The sensor is attached to a 6-foot wire, allowing hard-to-reach areas to be monitored, making this a perfect sump pump alarm.
- Can be stood on floor or mount to a wall.
- Loud, 100 dB alarm, can be heard throughout entire home.
- Power-saver feature helps the battery (included) last longer, ensuring greater protection for your home.

FloodStop® Sump Pump Backup Power System

Provides battery power to AC-powered pumps.

- Automatically switches over to battery power when AC power is lost.
- Supports up to two pumps.

FloodStop® Silent Check Valves

- Completely silent operation.
- Prevents contents from being pumped twice.

FloodStop® Float Activation Switches

- Brings automatic operation to pumps.
- Contains a piggyback connection.
- Made out of anti-microbial materials.

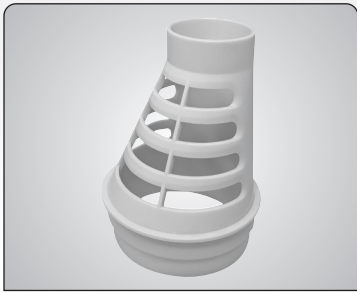

FloodStop® WYE, 2 x 1.5 x 1.5 Connection

- [2] 1-1/2" male slips;
- [1] 2" female slip.
- Easily connects two PVC channels into one.

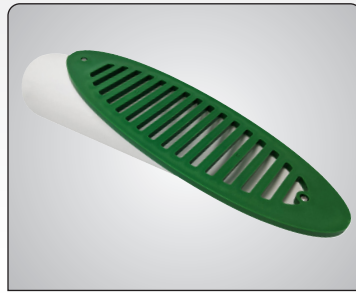

FloodStop® Dual Pump Install Kit

- Easily connects two sump pumps to a single discharge line.
- Connects to pumps with 1-1/2" threaded NPT connections.

FloodStop® Freeze Drain

- Allows pumped water to flow even if discharge lines are frozen.
- Prevents basement flooding if outside discharge lines clog, overworking and the basement from flooding, by giving the water a secondary escape route.

FloodStop® Yard Drain Emitter

- Eliminates stagnant water.
- Multi-functional. Can be used in a variety of applications.

FloodStop® Deep Cycle Batteries

- Maintenance-free design.
- Pairs with FloodStop® backup power solutions for pumps.
- No need to add water or acid for operation.

FloodStop® Uninterruptible Power Supply

- Provides backup power to routers and modems.
- Capacity: 650VA / 360W, Input: 120V, Battery: 12V / 7Ah.
