

THE WORLD'S MOST TRUSTED BOND

FlowGuard Gold® Green High-Contrast Cement

NEW high-contrast, easy to see green solvent cement for FlowGuard Gold CPVC plumbing systems. Designed to reduce the risk of dry fits and ease visual inspection of solvent welded joints.

Weld-On FlowGuard Gold® Green is a medium bodied, fast setting cement for hot and cold potable water CPVC pipe and fittings through 2 inches (63 mm) diameter.

- ▶ **ALL WEATHER, FAST, ONE STEP CEMENT** - Formulated to be used without primer if codes permit. For potable water to 180°F (82°C). Suitable for residential plumbing and industrial systems.
- ▶ **EASY TO IDENTIFY** - High contrast green color CPVC cement reduces dry fit risk and eases inspection.
- ▶ **APPROVED** - Formulated for the FlowGuard Gold CPVC piping systems. Included in 2024 Plumbing Codes. Visit website for more information.
- ▶ **ULTRA LOW VOC EMISSIONS** - Meets SCAQMD Rule 1168/316A.
